WTB Millen Vari-Arm VF0, prefer decent condition but will consider all opportunities. I want to pair up the Millen with my 1935 Gross CP-100 transmitter and NC-101X.

Just bought a \$10 boatanchor on the bay - now need to get it without
spending 6X that on shipping - is anyone coming to the Dayton hamfest from
northern NJ who could help out? - the item (Navy rack-mounted Morse code
recorder) is in Ringwood NJ, about 30 min from Paterson.

..well....neatness counts, no?

the tubes'd work just FINE, if you could put the receiver into a
nice sparse vacuum, yes? think of it as a new concept in radio....
tubes that are cleaner-than-clean.

yikes! yes, thank you inDEEDy, Don.

I could use 2 or 3 of the 3/8" threaded powered iron RF coil slugs for a =
Hallicrafters SX-42.

Does anyone have such?

Thanks.

Folks,

I was hunting for type 81 and 1129 bulbs. One place advertised them at:

Type 81 @ \$6 and type 1129 @ \$21.

Fortunately I found them close by for \$1.75 and \$1.60 respectively.

Light Bulb Depot 2 LLC *** Also known as New Orleans Lamp.

5900 Jefferson Highway, Jefferson, LA 70123-0383.

Sales: 505-733-0383.

I have no connection with that establishment, just passing along good =
pricings.
